PROFILE SUMMARY

Regulatory Affairs professional-in-training with a strong foundation in medical device regulation, quality management systems and product lifecycle compliance, complemented by applied data-analytics and AI-tooling skills. Pursuing M.Tech. in Medical Devices at NIPER (9.25 CGPA), with hands-on research experience in Class III biomedical devices and demonstrated understanding of ISO 13485:2016 and India's Medical Devices Rules 2017. Built the MedTech Regulatory Navigator and a Clinical Trial Intelligence Agent - two self-developed tools reflecting practical engagement with multi-jurisdictional regulatory frameworks (CE Marking, Health Canada, CDSCO) and real-world data pipelines. Equally suited to core pharma/medtech regulatory roles and non-core, data-driven business roles. Seeking to apply technical documentation expertise, cross-functional coordination and SOP-driven compliance in a results-oriented environment.

EDUCATION

M.Tech. in Medical Devices NIPER, S.A.S. Nagar, Mohali, Punjab	2024 – 2026
CGPA: 9.25/10.00 (till 3rd Semester) Thesis: Bioactive 3D Printed Scaffolds with iPSC-Derived Osteocytes for Bone Regeneration (Class III device category).	
Bachelor of Pharmacy PDEA's Shankar Rao Ursal College of Pharm. Sciences, Pune	2020 – 2024
CGPA: 7.71/10.00	
H.S.C. ASDB Dadawala Jr. College, Maharashtra State Board	2020
Percentage: 71%	
S.S.C. SPPD Sanskar Mandir, CBSE	2018
Percentage: 72.2%	

KEY PROJECTS

MedTech Regulatory Navigator - Web Application	Personal Project (GitHub) 2026
- Designed and developed an interactive web tool to help RA practitioners navigate multi-jurisdictional regulatory pathways (MDR EU, USFDA, MDR India); demonstrates applied knowledge of CE marking frameworks, technical file structure and CDSCO submission requirements. - GitHub: github.com/sayamniper2024-maker/medtech-regulatory-navigator	
Clinical Trial Intelligence Agent - AI-Powered Web Application	Personal Project (GitHub) 2026
- Built an AI-powered competitive intelligence platform that pulls live trial data from the ClinicalTrials.gov REST API (up to 1,000 trials per query) and generates an automated consulting-style analysis using the Groq Llama 3.1 LLM. - Delivered 7 interactive Plotly dashboards (phase distribution, sponsor landscape, geographic heatmap, enrollment and dropout analysis) with filters by phase, sponsor type and therapy area (Pharma, Biotech, MedTech, Biologics, Nutraceuticals). - Engineered one-click export of findings to PowerPoint and Excel, built with Python, Pandas, SQLite and Streamlit. - GitHub: github.com/sayamniper2024-maker/clinical-trial-intelligence	
Bioactive 3D Printed Scaffolds with iPSC-Derived Osteocytes for Bone Regen.	M.Tech. Dissertation 2024–26
- Developing Class III medical device scaffolds for bone regeneration at NIPER. - Presented as exhibitor at MedTech Expo 2025, Bharat Mandapam, New Delhi.	
Comparative In-vitro Anti-inflammatory Study	B.Pharm. Research Paper 2023 – 2024
Co-authored peer-reviewed research comparing cow urine extract and hydroalcoholic extract for in-vitro anti-inflammatory potential of <i>Nyctanthes arbor-tristis</i> leaves; published in the International Journal of Scientific Research in Science and Technology (IJSRST).	
Comparative Evaluation of Marketed Arishta	B.Pharm. Research Paper 2023 – 2024
Co-authored comparative study on marketed Arishta formulations; published in the International Journal of Research and Analytical Reviews (IJRAR).	

REGULATORY & TECHNICAL SKILLS

- **Regulatory Frameworks:** ISO 13485:2016, Medical Devices Rules (MDR) 2017, IEC 62304, CE Marking, USFDA & CDSCO submission pathways
- **Data & Analytics:** Microsoft Excel, Power BI, SQL, Python, Cognos, Google Looker, Lucidchart
- **Collaboration & PM Tools:** Jira, Confluence, Microsoft Word, Microsoft PowerPoint
- **Soft Skills:** Problem Solving, Communication, Adaptability, Team Collaboration, Reliability under deadlines

COURSES & CERTIFICATIONS

- **Introduction to Agent Skills** - Anthropic Academy
- ISO 13485:2016 Medical Device Quality Management Systems - **Udemy**
- Fundamentals of Business Analysis - **IBM**
- Data Visualization and Dashboards with Excel and Cognos - **IBM**
- Data Analytics Job Simulation - **Deloitte**
- Introduction to Strategy Consulting Job Simulation - **BCG**
- McKinsey Forward Program - **McKinsey & Company**
- Python, Power BI and Excel Bootcamps - **LetsUpgrade**
- Clinical Research and Pharmacovigilance - **SPPU University**

ACHIEVEMENTS

- AIR-16, NIPER Joint Entrance Examination (JEE) 2024
- AIR-595, Graduate Pharmacy Aptitude Test (GPAT) 2024
- Qualified BITS HD 2024 - Pharmaceuticals (Pilani campus)
- Scored 81.51% in MAH-MBA CET 2024
- Second Rank, AVISHKAR College Competition (research paper presentation)
- Co-authored two peer-reviewed research papers (IJSRST and IJRAR)

POSITIONS OF RESPONSIBILITY & CO-CURRICULAR ACTIVITIES

- Placement Co-ordinator, M.Tech Medical Devices 2024–26 batch - managed industry outreach and coordinated with companies for campus placement drives.
- Deputy Class Representative, M.Tech Medical Devices 2024–26 batch.
- Organizing Committee Member, Antimicrobial Resistance Workshop - gained exposure to industry–academia collaboration and event leadership.
- Football Team Captain, B.Pharmacy University Level.

AREAS OF INTEREST

Regulatory Affairs • Global Submission Strategy • Dossier Preparation • Regulatory Information Management Systems (RIM) • Quality & Compliance in Manufacturing Processes • Data Analytics & Business Insights

LANGUAGE PROFICIENCY

English • Hindi • Marathi • Marwari
